

*We began as a small Christian dance company and have grown into an internationally recognized dance ministry.*

**This includes often blazing trails in places the Lord Jesus Christ has never even been mentioned. We could literally write a book of the wonderful things God has done in us and the lives of people across the land through what we and the staff call “the miracle of Ballet Magnificat!” and what God enables us to do.**

*September 2007 – Alpha Company  
15-Day European Tour  
Czech Republic, Germany, Greece*

Highlights: In Jicin, Czech, we presented the true story of RUTH at the annual Fairy-tale Festival; and in Prague, Jiri and Kathy taught classes to the prestigious State Opera House company dancers. In Alexandroupoulos, Greece, the audience was filled with adolescent girls, many of whom participated the next day in classes taught by company members. The dancers were able to talk and pray with the girls and their parents, many of whom had never experienced one-on-one prayer. We assisted Missionaries Paul and Chelli Sudbrock share the Gospel at the theater in Wittenberg, Germany, home of Martin Luther.

*November 2007 – Omega Company  
Central America Tour – Honduras & Belize*

Highlights: Over 100 men and women, young and old, participated in Creative Worship in a gym in Honduras. The troupe was humbled by the hunger and thirst for the Lord of the Honduran people. Language was not a problem as they gathered with the Believers to worship. The Omega dancers taught classes in both countries to local students. In Belize, we were breaking ground for the Dramatic Force missionaries to build a Christian dance school that will train and minister to the local people. While in Belize, we were able to lead nine people to the Lord. The director of the National Dance Company was so inspired by how we work as a group, our unity and faith, that it changed her perspective on how to lead her company and she plans to come to our Summer Workshop to learn first-hand how to create the atmosphere for her group. She discover while here that it is by the power of the Lord.
